Research & Development Experience

Project Lead & WebXR Developer Kaohsiung, TW
TEEP Program, National Kaohsiung Normal University *Aug. 2026 – Oct. 2026*

- **Interactive Cultural Storytelling:** Architected a bilingual WebXR experience translating Kaohsiung's "Wangye" boat festival and parade traditions into an interactive 3D digital heritage environment.
- **System Development:** Led a 6-person cross-functional team (3D, UI, QA, Cultural Content) to orchestrate a two-phase deployment, scaling from responsive, mobile-first WebGL prototypes to an immersive VR environment optimized for Meta Quest 3 headsets.
- **UX & Cultural Impact:** Designed observation-based interaction flows that respect cultural ethics, successfully delivering an accessible educational tool for cross-cultural youth engagement.

Graduate Researcher Hangzhou, CHN
Zhejiang University *Sep. 2024 – Jun. 2026*

- **Behavioral Analytics:** Executed a computational study analyzing the interplay between streamer communication strategies and audience sentiment.
- **Methodology:** Applied NLP, Emotion Recognition, and VAR/DTW time-series modeling to reveal temporal causality in digital interactions.
- **Impact:** Identified key linguistic triggers that drive high-conversion sales in livestreaming, providing actionable insights for digital marketing and merchant growth strategies.
